
MATH 612: CM4ES&FM

Spring'14

Homework # 3

Due April 14

Instructions

- One problem per page. (You can have two problems in different sides of the same page.)
- Problem 17.3(c) requires coding. This problem has to be solved individually.

Not all assigned problems will be graded. You'll know which ones will at the time everyone has turned them in. You will not be off the hook for any particular chapter, since assignments might revisit past chapters.

1. Problem 11.1
2. Problem 17.3(c)
3. Problem 20.1
4. Problem 20.3
5. Problem 21.1
6. Problem 21.6
